PROFESSIONAL SUMMARY

Results-driven Product Management professional with 3 years of experience leveraging user research, product discovery, and data-driven insights to solve business problems and improve customer experiences. Proven ability to collaborate with cross-functional teams, prioritise product requirements, and deliver impactful digital solutions across consulting and product environments.

WORK EXPERIENCE

Ernst & Young GDS LLP

Bengaluru | Nov'21 – Jun'24

Associate Consultant, Strategy

- Conducted market research, competitive analysis, and technology assessments for 10+ global clients, identifying customer needs and industry trends that informed strategic product decisions and business opportunities.
- Partnered with business stakeholders and engineering teams to gather requirements and translate business challenges into scalable technology solutions, driving digital transformation initiatives across multiple client engagements.
- Designed and developed Power BI and Tableau dashboards using SQL and Python, enabling real-time KPI tracking that improved reporting efficiency by 40% and enhanced visibility into business performance metrics.
- Analysed application usage, operational performance, and customer feedback data to generate actionable insights that influenced product enhancements and process optimisation across multiple engagements.
- Collaborated with cross-functional teams to improve user adoption of enterprise applications by simplifying workflows and enhancing user experience, delivering training programs that reduced user errors by 40%.
- Supported product evaluation and vendor assessment exercises by conducting gap analyses, solution benchmarking, and feasibility assessments to recommend technology investments aligned with business objectives.

Akshaya Chaitanya

Mumbai | Apr'25 – May'25

Product Management Intern

- Designed and executed A/B tests on pilot features to validate user engagement hypotheses, driving data-backed iterations that improved conversion rates across key user flows.
- Developed and managed the end-to-end product roadmap for a pilot program, translating research insights from 160+ stakeholders into a phased execution plan with defined milestones and delivery timelines.
- Shaped pilot design by conducting structured primary research with 160+ stakeholders, gathering and validating product requirements that directly informed BRD-aligned feature specifications.
- Cut ad-hoc reporting effort by building automated KPI dashboards using Google Analytics and Excel, establishing reusable performance tracking frameworks that reduced leadership reporting time and improved visibility.
- Ran sprint planning, backlog prioritisation, and structured risk tracking across an 8-week program, maintaining 100% on-time delivery of all programme outputs across cross-functional teams.
- Visualised product requirements and user journeys through User Story Mapping, aligning cross-functional teams on project scope and enabling iterative delivery across multiple sprints.

EDUCATION

SDA BOCCONI SCHOOL OF MANAGEMENT

Mumbai | May'26

International Master in Business (PGP)

SRM INSTITUTE OF SCIENCE & TECHNOLOGY

Chennai | May'21

Bachelor's in Technology (Electrical & Electronics Engineering)

CERTIFICATIONS

Lean Six Sigma Green Belt Certification, Grant Thornton

2025

Business Analytics and Business Intelligence using Python, KPMG

2025

TOOLS & TECHNOLOGY

Product: Product Roadmap, PRD/BRD Writing, User Story Mapping, Agile/Scrum, OKRs, RICE, Kano Model, MoSCoW, Jobs-to-be-Done (JTBD)

Research: User Interviews, Usability Testing, NPS, Customer Journey Mapping, Persona Development, Competitive Analysis, A/B Testing, Feature Flagging

Analytics: SQL, Mixpanel, Amplitude, Looker, Google Analytics, Firebase, Funnel Analysis, Cohort Analysis, Retention Metrics, Power BI, KPI Dashboards, Excel

Tools: Jira, Confluence, Figma, Miro, Notion, ProductPlan, Slack, Asana, Postman (API basics), Lean Six Sigma DMAIC, Business Case Development, Stakeholder Management, Sprint Planning, Backlog Prioritization, Product Lifecycle Management, Process Documentation
